

## **FMPro™ Text Editor Update**

ACTON, Mass (January 2022) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a specialized Building Envelope Management solution for comprehensive asset management of Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release makes several improvements to copying text directly into the text editor which is used on most asset information pages. The addition of the latest update helps ensure font sizes match the report formats. The update adds additional text management tools for text area formatting and customization.

For a complete release bulletin and instructions on the new text customization tools, users can go to program features for the full release bulletin.

### **About DFC**

Since 2002, Digital Facilities Corporation (DFC) has offered integrated technologies and project support services for the assessment and management of critical exterior building systems. The company's headquarters is in the Boston area.
