

## **FMPro™ Facility Asset & Budget Summary Report**

ACTON, Mass (December 2022) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a specialized Building Envelope Management solution for comprehensive asset management of Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds an autofill option to the facility and Asset Area Report which provided the user with access to use Excel tools for to further filter and analyze the data in a one click enhanced report selection. This new feature provides an additional master budget tool to help users minimize their management time and ease of access to analyze the Master Budget asset information.

For a complete release bulletin and instructions on the new Facility Asset & Budget Report auto-fill options users can go to program features for the complete release bulletin.
