

FMPro™ Search Feature Release

ACTON, Mass (March 2023) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a specialized Building Envelope Management solution for comprehensive asset management of Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds various search options for segments, clients, and facilities. Users can easily type a few letters into selected program data level to see a listed a list of the available selections. This new feature provides the user to an integrated search tool to quickly find information to save time navigating large data sets.

Program users can find complete instructions on the search release and user instructions under new features.
