

FMPro™ Budget Start Year Options

ACTON, Mass (Feb 2021) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a Building Envelope Management solution for asset assessments for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds the option for users to show prior year recommendations that have not been completed in budget/financial plans.

To accommodate this requirement, the budget start year in the Budget Summary Report and the financial plans in the Facility Condition Report now have the option of selecting a prior year as the budget start year.

Budget Summary Report - This report provides a 10 year budget summary. The budget start year can now be up to 5 years prior to the current year. The default selection remains at the current year.

Financial Condition Report - This report provides 5 year financial plans. The budget start year can now be up to 2 years prior to the current year. The default selection remains at the current year.
