

FMPro™ Facility Copy Options

ACTON, Mass (May 2021) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a Building Envelope Management solution for asset assessments for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds the option for users to copy a facility with the detailed asset data. Users can easily select a roof or paving section, any data areas to establish a new facility. Users using the copy function can quickly add inventories of similar buildings, minimizing the data entry labor. (See Image)
