

FMPro™ Roofing Section Copy Options

ACTON, Mass (May 2021) Digital Facilities Corporation (DFC) has released a set of program updates for FMPro™ a Building Envelope Management solution for asset assessments for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds asset copying options for complete roof areas with detailed data. Users can easily select a roof section, any related data and save to a new or existing building. This new feature provides the user to an efficient tool to add similar roofing areas minimizing the data entry labor. (See Image)
