

## **FMPro™ Facility Condition Report**

### **Updated Template Design Release**

ACTON, Mass (August 2020) Digital Facilities Corporation (DFC) has released an updated design to the Facility Condition Report template for FMPro™ a Building Envelope Management solution for asset assessments with individual areas for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release changes to the Facility Condition Report template to improve image display areas, streamline the process for users to make report template changes using images, maps and include documents to improve the overall report output.
