

FMPPro™ Google Maps™ Drawing Tools Release

ACTON, Mass (August 2020) Digital Facilities Corporation (DFC) has released a new tool area for use with Google Maps™ for FMPPro™ a Building Envelope Management solution for asset assessments with individual areas for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release adds new drawing tools for use with Google Maps allowing the user to mark-up images for condition assessments, defect observations, repair or replacement recommendations and commissioning major service work.
